

MOUNTAIN LION

Statewide

Archery/Fall Quota Allocation - By commission rule, up to 20% of the lion quota in each lion hunting district, is allocated to the archery and fall seasons. That allocation is rounded down to the nearest lion. For example, if the quota in a district was 8 lions, 20% equates to 1.6 lions, and the archery fall quota would be 1 lion. FWP proposes altering that rule to round to the nearest lion. For example, if the quota in a district was 8 lions, 20% equates to 1.6 lions, and the archery fall quota would be 2 lions.

Region 1

Region 1 quota changes and subquota gender - The proposal is to reduce special license in 6 districts, while increasing licenses in 2 districts. The total net change is a **reduction of 42 lion licenses**. In addition, the region proposes to regulate harvest with male rather than female subquotas.

HD	Existing Quota	Proposed Male Sub Quota	Proposed Total Quota
100	30	12	24
101	17	5	12
102	17	5	12
103	12	7	12
104	12	7	12
109	12	4	8
110	19	4	8
120	8	4	11
121	37	11	22
122	14	6	14
123	6	3	7
124	5	2	5
130	14	5	14
